

Frankfurt, 06.03.2022

Belden Inc. acquires 100% of NetModule AG

Belden Inc. the world leader in mission-critical industrial communications, has acquired 100% of the shares of NetModule AG, the European market leader in ruggedized wireless communications for the transportation sector, on March 3rd, 2022. Belden is thus expanding its market leadership in the field of robust wireless industrial communication.

Steinbeis M&A, represented by Oliver Gaess, Partner, advised the shareholders of NetModule AG on this transaction.

About Belden Inc.

Belden Inc. delivers a comprehensive product portfolio designed to meet the mission-critical network infrastructure needs of industrial and enterprise markets. With innovative solutions targeted at reliable and secure transmission of rapidly growing amounts of data, audio and video needed for today's applications, Belden is at the center of the global transformation to a connected world. Founded in 1902, the company is headquartered in St. Louis and has manufacturing capabilities in North and South America, Europe, and Asia. 2021, the company, which employs 8.000 people worldwide achieved a turnover of 2.4 billion US dollars.

About NetModule AG

NetModule AG, headquartered in Bern, Switzerland, is a leading manufacturer of communication products for M2M and IoT. Focus is on solutions for applications in the areas of transportation, local and long-distance public transport, and Industry 4.0. Future markets such as smart cities, public safety and sustainable energy and resource management are further focus areas. 5G is the key technology here. Founded in 1998, the Swiss company has a branch office in Winterthur and subsidiaries in Frankfurt, Hong Kong, and Sydney.
